

Louisiana State University

Assistant/Associate/Full Professor of Soft Tissue Surgery– Tenure or Clinical Track

Assistant/Associate/Full Professor Veterinary Surgical Oncologist– Tenure or Clinical Track

Assistant/Associate/Full Professor of Companion Animal Surgery– Tenure or Clinical Track

Staff Clinician in Surgery

Position Descriptions

The Opportunity

Louisiana State University invites applications for an Assistant/Associate/Full Professor of Soft Tissue Surgery. The LSU Veterinary Teaching Hospital has the most board-certified specialists under one roof in Louisiana. Their Companion Animal Surgery service aims to work closely with clients to offer them the highest-quality surgical care possible. They provide state-of-the-art veterinary medicine and surgery while instructing future veterinarians and veterinary surgeons.

One of only 33 veterinary schools in the United States, LSU Vet Med is experiencing unprecedented growth as it seeks to improve and protect the lives of animals and people through superior education, transformational research, and compassionate care. They are dedicated to building a premier team of world-renowned clinicians, educators, and researchers to provide an elite healthcare experience in Louisiana and the region.

LSU has openings for clinical- or tenure-track faculty positions for a soft tissue surgeon to join our team of two surgery faculty members, both ACVS boarded, three surgical residents, two surgical interns, and three full-time nurses. The addition of one more ACVS diplomate would allow them to recruit a fourth surgical resident in the future.

At LSU, surgeons enjoy a new Arthrex Synergy UHD4 imaging platform, 3-D printing, laparoscopy and thoracoscopy, a new Hitachi fluoroscopic C-arm and radiographic system, computed tomography and magnetic resonance imaging, interventional radiology, vessel-sealing devices, smoke evacuation, an I-Loc system, an AO/ASIF/Synthes plating system, and a BioMedtrix total hip replacement system.

Qualifications

Clinical Track Position Requirements

70% – Participate in the Companion Animal Surgery Service of the Veterinary Teaching Hospital and cooperate with other clinical faculty in clinical teaching and hospital practice; support the emergency service through the provision or supervision of companion animal surgery.

30% – Scholarly activities to include teaching and collaborative research.

Tenure Track Position Requirements

50% – Participate in the Companion Animal Surgery Service of the Veterinary Teaching Hospital and cooperate with other clinical faculty in clinical teaching and hospital practice; support the emergency service through the provision or supervision of companion animal surgery.

50% – Scholarly activities to include teaching and collaborative research.

Minimum Qualifications:

Assistant Professor: DVM or equivalent and must have successfully completed a residency training program accredited by the American College of Veterinary Surgeons (ACVS) or the European College of Veterinary Surgeons (ECVS) & must be eligible for board certification by the American College of Veterinary Surgeons (ACVS) or the European College of Veterinary Surgeons (ECVS).

Associate Professor: DVM or equivalent with five years of related research/teaching/clinical experience & must have board certification by the American College of Veterinary Surgeons (ACVS) and/or the European College of Veterinary Surgeons (ECVS)

Full Professor: DVM or equivalent with eight years of experience & must be board-certified by the American College of Veterinary Surgeons (ACVS) and/or the European College of Veterinary Surgeons (ECVS)

Preferred Qualifications (all ranks & academic appointments):

Diplomate in the American College of Veterinary Surgeons.

The Opportunity

Louisiana State University invites applications for an Assistant/Associate/Full Professor Veterinary Surgical Oncologist– Tenure or Clinical Track. Join the team of two medical oncology faculty (one full-time, one consultant), one radiation oncology faculty, four residents (three medical oncology and one radiation oncology), and five full-time oncology nurses. They are presently recruiting an additional two medical oncology faculty and one radiation oncology faculty, with the goal of expanding the team to three full-time medical oncologists and two radiation oncologists. The department has a busy and growing combined clinical service that allows for comprehensive patient care supported by a diagnostic imaging service with a new CT scanner, clinical pathology, anatomic pathology, five anesthesiologists, and a full complement of other specialty services. Their Varian Trilogy linear accelerator with cone beam CT OBI is capable of RapidArc, SRT, IMRT, 3D conformal, and electron radiation treatments. They also have a dedicated chemotherapy suite, compliant with USP 800 standards.

In addition, they are rapidly building up a clinical trials program and have clinical and laboratory support staff equipped to facilitate additional clinical trials. As members of the Comparative Oncology Trials Consortium (COTC), they are excited to add another faculty member to their dynamic group! LSU Vet Med also recently established a Comprehensive Cancer Center and received \$11 million in COBRE funding for pre-clinical cancer models.

The surgical team enjoys state-of-the-art equipment, including a laparoscopy/thoracoscopy tower, intraoperative fluoroscopy, vessel sealing devices, laser, smoke evacuation, and a Catheter lab.

The Opportunity

Louisiana State University invites applications for a Staff Clinician in Surgeon at the School of Veterinary Medicine (SVM). This new position at the School of Veterinary Medicine (SVM) at Louisiana State University is designed to act as a regularly scheduled staff surgeon who will participate in the receipt and management of clinical patients presented to the Veterinary Teaching Hospital Small Animal Surgery service. This innovative and dynamic role offers an opportunity to be part of a vibrant teaching hospital and allows the successful candidate to focus on teaching and patient care without the traditional expectations of a faculty position. As part of the clinical duties, working schedules may include nights, weekends, holidays, and disaster relief on an as-needed basis in addition to or in lieu of normal daytime working hours. This is a professional staff position, and the clinician may participate in daily teaching activities. Clinical duties can be split between soft tissue and orthopedic surgery.

The LSU Veterinary Teaching Hospital has the most board-certified specialists under one roof in Louisiana. The companion Animal Surgery service aims to work closely with clients to offer them the highest quality surgical care possible. The faculty provides state-of-the-art veterinary medicine and surgery while instructing future veterinarians and veterinary surgeons.

Minimum Qualifications

Degree: Doctorate in Veterinary Medicine or equivalent

Preferred Qualifications

Specific Experience: Successful completion of a residency training program accredited by the American College of Veterinary Surgeons (ACVS) or the European College of Veterinary Surgeons (ECVS); Eligibility for board certification by the American College of Veterinary Surgeons (ACVS) or the European College of Veterinary Surgeons (ECVS).

Preferred Licenses

Diplomate in the American College of Veterinary Surgeons

LSU School of Veterinary Medicine

The LSU [School of Veterinary Medicine](#) is one of only 33 veterinary schools in the U.S. and the only one in Louisiana. It is dedicated to improving the lives of people and animals through education, research, and service. The veterinary teaching hospital cares for an array of species and sees approximately 20,000 cases each year. Open 24/7, 365, they offer specialty services as well as primary care. Their comprehensive care allows them to treat a variety of illnesses and injuries.

The AVMA Council on Education (COE) is the national accrediting agency for veterinary medical education in the United States. The AVMA COE assures that all AVMA-accredited colleges or schools of veterinary medicine meet minimum standards in veterinary medical education and that students enrolled in those colleges or schools receive an education that will prepare them for entry-level positions in the profession. The LSU program has met all essential requirements for an acceptable college or school as established by the AVMA COE. Accreditation was granted in 1977 and reaffirmed in 1984, 1991, 1998, 2005, 2010, 2013, and 2020. The next site visit is anticipated in 2026.

The school admitted its first students to the professional curriculum during the 1973–1974 academic year. The initial entering class consisted of 36 students, all residents of Louisiana. Class size increased significantly in subsequent years. The school participates in the Southern Regional Education Board's program for education in veterinary medicine.

LSU SVM was founded in 1968, the 19th veterinary school in the United States. It accepted its first class of students in 1973, and 35 men and women (all from Louisiana) received their DVM degrees in 1977. Since then, they have granted over 3,200 DVM degrees and 450 MS and PhD degrees.

2024 marks 88 years for LSU's live mascot program. Mike, I arrived on campus on October 21, 1936. LSU's current tiger is Mike VII (pictured).

The Department of Veterinary Clinical Sciences

The Department of Veterinary Clinical Sciences faculty members instruct veterinary students, interns, and residents in the art and science of veterinary medicine, undertake clinical research to benefit animals and humans and provide specialized care for animal patients from Louisiana and surrounding states. The department currently has more than 55 faculty members and more than 45 interns and residents who support state-of-the-art patient care in the Veterinary Teaching Hospital.

VCS offers graduate programs at the MS and PhD levels and has an average of 15 graduate students at any given time. Most master's programs are linked to residencies, which can be applied for through the Veterinary Internship and Residency Matching Program. Programs not linked to residencies may be arranged through individual faculty members. Advanced training in Veterinary Clinical Sciences at the MS or PhD level is designed to enhance competitiveness and scholarship. This program aims to provide students with the tools to conduct original research in clinical sciences of small, large, and exotic animals. The faculty of this department specializes in a wide range of clinical disciplines, including surgery, internal medicine, pharmacology, oncology, diagnostic imaging, dermatology, ophthalmology, theriogenology, anesthesia & analgesia, and basic and applied research in comparative orthopedics. The training programs are designed to prepare students for a teaching or research career at an academic institution, in industry, or in government.

About Louisiana State University

Overview

LSU comprises eight campuses stretching across Louisiana and includes more than 50,000 students, with research expenditures amounting to \$360 million. Within LSU are two health sciences centers offering various levels of degrees in medicine, dentistry, allied health, nursing, public health, and graduate studies. The LSU Agricultural Center encompasses both extension responsibilities and agricultural research. The Pennington Biomedical Research Center is a premier research institute specializing in chronic disease, diabetes, and obesity. LSU Shreveport offers degrees at the undergraduate and graduate levels and has an emerging online presence. LSU Alexandria is a four-year institution serving the central region of the state. LSU Eunice is a junior college offering degrees and certificates in health, business, and liberal arts. LSU's flagship campus, located in the state capital of Baton Rouge, is Louisiana's premier public institution. It is a land-, sea-, and space-grant institution enrolling some 37,000 students studying in nearly 200 bachelor's, master's, doctoral, and specialist programs.

The flagship campus includes the Paul M. Hebert Law Center and the state's only School of Veterinary Medicine. There are more than 5,000 employees with a budget of more than \$1 billion on the flagship campus. Over the past 20 years, LSU has consistently produced finalists and winners of the Rhodes, Truman, Goldwater, and Udall Scholarships. Several of LSU's programs are ranked top in the nation, including the Robert Reich School of Landscape Architecture in the College of Art & Design and the Internal Auditing program in the E. J. Ourso College of Business, which is internationally known as one of the top such programs in the world. LSU faculty and students contributed to the 2017 Nobel Prize in Physics with the discovery of gravitational waves, which were predicted by Einstein but not previously recorded. Forbes recently recognized LSU among the top 20 universities in the country that dominate in both academics and athletics.

Campus

LSU's flagship campus in Baton Rouge is on more than 2,000 acres of lush landscaping along the Mississippi River. Widely considered to be one of the most beautiful in the country, it is known for its Italian Renaissance-style architecture, tranquil lakes, and majestic live oak trees, which are valued at approximately \$45 million.

LSU's Memorial Tower, one of the campus's best-known landmarks, as well as the War Memorial on the Parade Ground and the Memorial Oak Grove, all honor those who have given their lives in service to the United States during various wars and conflicts throughout our nation's history. The campus is also home to the Indian Mounds, which are two Native American earthworks dated to be more than 6,000 years old—older than the Egyptian pyramids.

The newly renovated and expanded Patrick F. Taylor Hall is now the largest academic building in Louisiana and one of the largest freestanding academic engineering buildings in the nation. The Business Education Complex, theanship School of Mass Communication, and the LSU Union are other noteworthy buildings. And in fall of 2018, the Nicholson Gateway opened, welcoming students to state-of-the-art living and retail spaces on the campus, just a short walk from Tiger Stadium and the Quadrangle. LSU's Tiger Stadium, well-known by college sports fans, is one of the largest college football stadiums in the nation. Known as Death Valley, the stadium has a reputation for being one of the loudest in the NCAA, and LSU is famous for its spirited tailgating atmosphere.

Quick Facts

- **35,000+** Student Population
- **1 of 8 Universities** in the country with a law school, dental school, medical school, veterinary school, and an elite MBA program.
- **1 of 24** Universities nationwide holding land-grant, sea-grant, and space-grant designations
- **16** Division I Athletic Teams
- **\$6.1B** LSU's economic impact on Louisiana
- **\$368M** in research expenditures

Strategic Plan 2022-2030

Under the direction of LSU President William F. Tate IV, the university's strategic planning process is underway. This effort will benefit from the current strategic plan and will develop a cohesive roadmap for the next several years toward a "[Scholarship First Agenda.](#)" The strategic planning process will be guided by the purposes of preserving LSU's history and heritage and protecting and securing the University's future. These purposes are already providing focus and direction for LSU's research efforts across the university and advancing areas of strength in the form of the "Scholarship First Agenda," which will provide focus, direction, and synergies across disciplines to the greatest benefit of students and for Louisiana. These areas of focus will be improved and expanded on in strategic planning with full appreciation of their land-, sea-, and space-grant responsibilities and the traditional mission of the Agricultural and Mechanical College. Learn more about the strategic planning process and the university's [values and vision.](#)

About Baton Rouge

Louisiana has arguably the most colorful history and fascinating culture of any state in the nation. Baton Rouge, French for "Red Stick," is Louisiana's capital city. Situated on the banks of the Mississippi River, it represents the best of Louisiana's vibrant culture. Just minutes from LSU, downtown Baton Rouge is a hot spot where you can attend an art exhibition or concert or watch the sunset over the Mississippi River. Over the last several years, the Baton Rouge area has enjoyed an unprecedented economic expansion—offering employment opportunities in diverse industry sectors. Baton Rouge is a cultural crossroads between the Cajun heartland of Lafayette (located about 55 miles southwest) and the birthplace of jazz and home of Mardi Gras, New Orleans (located approximately 80 miles to the southeast). Housing options in Baton Rouge are diverse and include historic neighborhoods like Spanish Town and the Garden District, riverfront apartments, chic, loft-style condos like the Commerce Building, cozy family neighborhoods, and sprawling mansions.

[Baton Rouge](#) boasts award-winning public and private school options; more than 900 restaurants; live concerts ranging from home-grown favorites to superstars like Kenny Chesney and James Taylor; a world-leading medical research center; a variety of museums, including one that houses a 65-million-year-old triceratops skull and a 5,000-year-old mummy; a nationally recognized, award-winning public library system; more than 180 parks across the region; and much more. The Baton Rouge Area is a great place to call home regardless of age or interest

Nomination & Application Process

Compensation

Competitive base salary, dental and vision insurance, 401(k) with match, paid CE, license fees and membership dues, Paid holidays accrued up to 14 days per year, Annual leave accrued up to 14 days per year, paid sick leave accrued up to 12 days per year, wellness, and mentorship programs, and more.
